## THE AGREEMENT

In accordance with the Procurement Act 2023 Kent County Council via Procurement Services have created a national framework agreement (the agreement) for the supply and delivery of **Digital Transformation Solutions and Enterprise Services**

The framework period is 48 months  
**01 May 2026 – 30 April 2030**

FTS Notice ref  
**2025/S 000-062339**

FTS Award Notice ref  
**2026/S 000-028331**

## SECTION ONE – WHAT DOES THE FRAMEWORK COVER?

This framework provides a compliant, flexible, and outcomes-focused route to market for public sector organisations seeking to deliver digital transformation, operational modernisation, and strategic reform. It supports both targeted interventions and end-to-end delivery models across core service areas.

### LOT 1

#### Digital and Service Transformation

This Lot covers services including, but not limited to, the design, delivery, and improvement of digital services and platforms across the public sector. Suppliers are capable of delivering a full range of the following services, either directly or via a sub-contractor:

- Agile delivery and multidisciplinary teams
- AI, RPA, chatbots, and workflow automation
- Behavioural insights and user research
- Consultancy
- CRM systems, customer portals, and online journeys
- Digital inclusion and accessibility
- Digital strategy and service design
- Low-code / no-code platforms
- Legacy system replacement and integration
- Operational support including hybrid mail services

### LOT 2

#### IT, Cloud, and Cyber Services

This Lot covers services including, but not limited to, the design, delivery, and management of digital infrastructure, cloud environments, and cyber security across public sector organisations. Suppliers are capable of delivering a full range of the following services, either directly or via a sub-contractor:

- Cloud infrastructure, migration, hosting, and hybrid IT models
- Consultancy
- Cyber security audits, SOC, and penetration testing
- Disaster recovery and business continuity
- Integration with estates and smart building technologies
- IT operations automation (e.g. predictive maintenance)
- Managed IT services and support desks
- Network and device management
- Smart workplace and connectivity solutions

WHO CAN ACCESS THE FRAMEWORK?

## SECTION ONE – WHAT DOES THE FRAMEWORK COVER?

### LOT 3

#### People, Payroll, Pensions and Financial Operations

This Lot covers services including, but not limited to, the transformation and management of public sector people operations, payroll, pensions, and procurement/payment functions. Suppliers are capable of delivering a full range of the following services, either directly or via a sub-contractor:

- AI tools for financial analytics
- AI tools for workforce planning
- Consultancy
- Digital Interviewing Solutions
- ERP/finance system integration and workflow design
- HR strategy and workforce transformation
- Learning & development, performance management
- Managed payroll and pensions services
- Payment services (e.g. BACS, payment gateways, Open Banking)
- Purchase-to-Pay (P2P) and invoice automation platforms
- Recruitment and onboarding platforms
- TUPE and workforce transition support

### LOT 4

#### Estates, Facilities and Asset Management Technology

This Lot covers services including, but not limited to, the use of technology, data, and automation to support smart estates management, statutory compliance, and Net Zero delivery. Suppliers must be capable of delivering a full range of the following services, either directly or via a sub-contractor:

- Asset register digitisation and lifecycle planning
- Building Management Systems (BMS) and automation
- CAFM platforms for planned and reactive maintenance
- Consultancy
- Estates dashboards and compliance tracking
- Integration with digital and finance infrastructure
- IoT sensors (e.g. fire, legionella, occupancy, energy)
- Predictive maintenance and analytics platforms
- Smart lighting, heating and energy optimisation systems

## SECTION ONE – WHAT DOES THE FRAMEWORK COVER?

### LOT 5

#### Strategic Consultancy and Public Sector Reform

This Lot covers services including, but not limited to, strategic consultancy, organisational reform, and major transformation programme support across the public sector. Suppliers must be capable of delivering a full range of the following services, either directly or via a sub-contractor:

- Business case development (Five Case Model / Green Book)
- Equality, diversity, inclusion, and digital inclusion strategies
- Governance, devolution, and partnership planning
- ICS and health & care integration strategies
- Innovation advisory and system redesign
- Net Zero strategy and cross-sector collaboration
- Organisational strategy and operating model reviews
- Portfolio and programme management
- Regeneration, levelling up, and place-based design

## SECTION TWO – WHO CAN ACCESS THE FRAMEWORK?

This framework is for use by customers in the United Kingdom, British Overseas Territories, and Crown Dependencies that exist on 13/06/25 and which fall into one or more of the following categories:

- Ministerial government departments
- Non ministerial government departments
- Executive agencies of government
- Non-Departmental Public Bodies (NDPBs), including advisory NDPBs, executive NDPBs, and tribunal NDPBs
- Assembly Sponsored Public Bodies (ASPBs)
- Police forces
- Fire and rescue services
- Ambulance services
- Maritime and coastguard agency services
- NHS bodies
- Educational bodies or establishments including state schools (nursery schools, primary schools, middle or high schools, secondary schools, special schools), academies, colleges, Pupil Referral Unit (PRU), further education colleges and universities
- Hospices
- National parks
- Housing associations, including registered social landlords
- Third sector and charities
- Citizens advice bodies
- Councils, including county councils, district councils, county borough councils, community councils, London borough councils, unitary councils, metropolitan

### TO ACCESS THE FRAMEWORK AGREEMENT

Potential customers must complete the **Customer Access Agreement Form – Appendix A**

ABOUT US 

## SECTION THREE – ABOUT US

Procurement Services is a trading function of the Commercial Services Group, a Professional Buying Organisation (PBO) and one of the largest trading organisations of its kind in Europe with a turnover more than £500 million. Tracing its roots back to 1902, as the supplies division of Kent County Council, the Commercial Services Group has grown organically to become one of the leading suppliers of products and services to the education and public sector, serving over 10,000 customers in 80+ countries. These include local government, education establishments, the care sector and the emergency services.

We are also a member of the Public Sector Buying Organisation (PSBO) Central Buying Consortium (CBC), a group of County, Borough and City Councils, including Kent County Council. The purpose of which is to improve the effectiveness, by co-ordination, of local authority purchasing with the object of effecting savings in public expenditure for the benefit of its members. CBC procures approximately £750m goods and services per annum.

### WHY CHOOSE PROCUREMENT SERVICES?

We strive to offer the best customer experience to ensure that all public sector establishments are protected from the complications and risks associated with procuring high value products and services. Below are just some of the reasons why you should consider Procurement Services as your procurement specialists.

#### KNOWLEDGE

With over 100 years of collective experience dealing with the public sector, every member of staff at Procurement Services can call upon the vast amount of knowledge and experience we have as a team to ensure we can assist you with even the most complicated of queries.

#### SUPPORT

Every member of the Procurement Services team is just a phone call away. We are here whenever you need us to help support you through the tender process, offer advice or act on your behalf when liaising with suppliers.

#### CHOICE

We work with some of the top suppliers and manufacturers in the industry. Every framework has been thoroughly created to ensure that you, the customer, get the best terms and conditions from the best suppliers offering the best products and services on the market.

#### COMPLIANCE

All our frameworks are national, fully compliant and adhere to the latest regulations. As well as being able to offer you full Procurement Act 2023 compliance and strong buying power, we provide terms and conditions that are designed specifically for the public sector to protect you. There is no necessity to run a full tender as we have already done the hard work for you.

#### EASY TO USE

Our ready-made frameworks are convenient and simple for all customers to access. We help make the end-to-end procurement process as easy as possible to ensure everyone gets their desired outcome.

## SECTION FOUR – HOW TO USE THE FRAMEWORK

### Call-Off Contract Award

- Call-off contracts may be awarded using one of three methods: direct award, Rapid Request for Quote (RFQ) or further competition. The ultimate responsibility for selecting the most appropriate and compliant route for a specific requirement rests with the customer. The onus will be on the customer to carry out their own due diligence before selecting which method to use. The customer will determine the requirement, specification and award, based on the most advantageous tender (MAT).
- This framework permits direct award in accordance with PA23. The key provisions that relate to awarding a call-off contract without further competition via a framework are found in Sections 45 to 49, particularly Section 45(2) and Section 49(10).
- A direct award allows a customer to award a contract to a single supplier without a new competition. This is permitted where the customer can objectively determine the most advantageous tender (MAT) for their requirement based on the original tenders submitted by suppliers to join this framework.
- All suppliers have been evaluated against consistent and transparent quality questions.
- A clear pricing mechanism has been submitted and forms part of the framework terms.
- These evaluation criteria form the basis for direct award decisions throughout the life of the framework.

### Award based on overall rank

- **The rule:** Award the call-off contract to the supplier who was ranked #1 overall on the framework (based on their total score for quality and price).
- **The process:** If the #1 supplier cannot meet the need, the customer must document this and proceed to the #2 ranked supplier, and so on.
- **Best for:** General requirements where overall supplier capability is the priority.

Overall rank information is available upon request. Customers must retain an auditable record justifying their selection, demonstrating how the supplier's offer was the most advantageous based on the framework's established evaluation model.

## SECTION FOUR – HOW TO USE THE FRAMEWORK

### Award based on lowest price

- **The rule:** Award the call-off contract to the supplier offering the lowest price for the specific need. The price is determined in one of two ways:
  - **From the price schedule:** For items listed in the benchmark price schedule, the award is made to the supplier with the lowest price for that specific item.
  - **From the catalogue discount:** For items not on the price schedule, the award is made to the supplier whose committed Framework discount results in the lowest final price.
- **Best for:** Standard or commoditised requirements where price is the primary driver.

### Customers may take into account:

- The supplier offers the most competitive pricing using the submitted pricing mechanism;
- Supplier capability and delivery approach (Quality Criterion).
- Specific strengths in service, innovation, sustainability, or compatibility
- Any other factors that align with the framework's original award criteria
- The supplier has the best capability for the specific product, service, or location;
- The supplier achieved the highest score for quality, price and/or social value during the framework evaluation process.
- The supplier's model delivers continuity or integration with existing estate or contracts.

Pricing information is available upon request. Customers must retain an auditable record justifying their selection, demonstrating how the supplier's offer was the most advantageous based on the framework's established evaluation model.

### Rapid RFQ

This is a streamlined, competitive process that allows for customer judgment on essential requirements, with price being the ultimate decider. It's perfect for when you have specific, non-negotiable needs.

#### How to run a Rapid RFQ:

- **Define Pass/Fail Criteria:** The customer defines their need by identifying a few **essential, non-negotiable requirements**. These are not for scoring; they are simple "Yes/No" gates.
- **Example:** "We need a cloud engineer who 1) holds an active AWS Solutions Architect certification (Pass/Fail) and 2) can be on-site in Exeter within 48 hours (Pass/Fail)."
- **Issue Rapid RFQ** - The customer sends this simple request to all capable suppliers on the framework, setting a short, fixed deadline (this is not a defined duration.)

## SECTION FOUR – HOW TO USE THE FRAMEWORK

- **Suppliers submit simple bids:** Suppliers respond with two things only:
  - o Confirmation and evidence that they meet the Pass/Fail criteria.
  - o Their price for the work.
- **Customer applies judgment (compliantly):** The customer evaluates the responses. This is the judgment step. They assess the evidence and decide “Yes” or “No” for each supplier against the Pass/Fail criteria.
- **Award to the lowest price compliant supplier:** From the pool of suppliers who passed all the essential checks, the call-off contract is awarded to the one who submitted the lowest price. The audit trail is simple: “Suppliers A, B, and D passed the mandatory checks. Supplier B was the cheapest and was therefore awarded the Call-Off Contract.”
- **Best for:** Requirements needing a specific, verifiable skill, where price is the deciding factor after that essential need is met.

### Further Competition (competitive selection process)

A Further Competition process is used where customers carry out a competition for the award of a call-off contract.

#### How to run a further competition:

- The customer must invite all suppliers on the framework who are deemed capable of delivering the particular requirement.
- The customer shall be responsible for formulating a specification/product brief containing full details of the goods/services required.
- The customer will send the specification/product brief to all suppliers quoting the framework reference number. A reasonable and proportionate time limit should be set for the submission of fully completed bid responses.
- Responses received must be unopened until the designated closing date and time for final submissions has passed. Responses received after the specified date and time should be rejected unopened.
- The submitted response shall be evaluated in accordance with the criteria stated in the original specification/product brief. The headline criteria used must be the same as the headline criteria used for the original framework or part thereof, but the customer may change the weightings and add their own sub-criteria to apply.
- The Bidders must be advised of the result in writing. Customers are not required to provide suppliers with an assessment summary however, they are encouraged to do so as a matter of best practice.
- A standstill period is voluntary, however if you do provide one it must be for a period of no less than 8 working days beginning with the day on which the contract award notice is published and must be completed before entering into the call-off contract.

**Best For:** Complex projects, high-value call-off contracts, and any situation where the quality of the solution is a critical factor.

## SECTION FOUR – HOW TO USE THE FRAMEWORK

### Conditions of Participation

Under this framework a further competition process provides for conditions of participation if the customer is satisfied that the conditions are a proportionate means of ensuring that suppliers party to the framework have

- o the legal and financial capacity to perform the call-off contract, or
- o the technical ability to perform the call-off contract.

In this section, a “condition of participation” means a condition that a supplier must satisfy in order to be awarded a public contract in accordance with the framework.

A condition may not

- o require the submission of audited annual accounts, except from suppliers who are, or were, required to have the accounts audited in accordance with Part 16 of the Companies Act 2006 or an overseas equivalent;
- o require insurance relating to the performance of the call-off contract to be in place before the award of the call-off contract.

A condition may relate to suppliers’ qualifications, experience or technical ability, but may not

- o require suppliers to have been awarded a call-off contract under the framework or by a particular customer.
- o break the rules on technical specifications in section 56, or
- o require particular qualifications without allowing for their equivalents.

When considering whether a condition is proportionate a customer must have regard to the nature, complexity and cost of the call-off contract. A condition of participation may require the provision of evidence that is verifiable by a person other than the supplier. If a supplier does not satisfy a condition of participation, the customer may exclude the supplier from participating in, or progressing as part of, the competitive selection process (further competition).

A competitive selection process may provide for the assessment of proposals, but only by reference to one or more of the award criteria against which Bids were assessed in awarding the Framework. The award criteria used for this Framework was:

| Award Criteria Headings |
|-------------------------|
| Price                   |
| Quality                 |
| Social Value            |

The award criteria may be refined for example; additional sub-criteria may be included or the criteria explained further.

**In any event the contracting authority and Procurement Services take no responsibility for the chosen contracting method of any individual customer.**

### Further Competition Template

A further competition template is available from Procurement Services, please contact us on:

[pscustomerenquiries@csltd.org.uk](mailto:pscustomerenquiries@csltd.org.uk)

## LENGTH OF AN INDIVIDUAL CONTRACT

In accordance with the 'Procurement Act 2023' individual contracts based on a framework are to be awarded before the end of the term of the framework itself. The duration of the individual contract does not need to coincide with the duration of the framework, but might, as appropriate, be shorter or longer. In particular, the customer is allowed to set the length of individual contracts based on a framework taking account of factors such as the time needed for their performance, where maintenance of equipment with an expected useful life of more than four (4) years is included or where extensive training of staff to perform the individual contract is needed.

The individual contract terms and conditions will apply and will remain in force after the expiry of the framework until such time all individual contracts expire or are terminated.

## SECTION FIVE – BENEFITS AND KEY POINTS

All our frameworks are free to access.

This framework is fully compliant with the Procurement Act 2023.

Authorised participants can re-open competition within the framework, removing the need for a full tender exercise or lengthy supplier evaluation each time they have an IT Hardware requirement, saving time and costs associated with procurement exercises.

Routes to market including award without competition and RFQ that ensure quick, easy and PA23 compliant procurements.

The terms and conditions are safe and designed to protect you.

Free and full support on using the framework through the Procurement Services team.

You are able to benefit from aggregated spend and lower pricing based on the value of the overall contract, even on low spend orders.

The framework will be managed and monitored by Procurement Services (acting for Kent County Council) on behalf of our customers and your views and requirements will be taken into account when reviewing and developing the contract.

Social value is an increasingly important way in which we look to support our customers and communities throughout the UK. Social value is now a 10% weighting within every single new framework, so we can be certain that we are awarding suppliers who are committed to contributing to communities.

## APPENDIX C – GDPR

### WE ARE COMMITTED TO PROTECTING YOUR PRIVACY.

We take your privacy seriously and will only use any personal information that we collect from you, or that you provide, relating to the products and services you have requested from us, or whereby you make an enquiry about our products or services.

As the contracting authority for framework Y26006 Digital Transformation Solutions and Enterprise Services we have included a GDPR data protection legislation clause in the framework and individual contract terms and conditions.

However, we recommend that any framework users/member authorities should complete their own due diligence to ensure the suppliers they are purchasing from can provide 'sufficient guarantees' that the requirements of GDPR will be met and the rights of data subjects protected.

### PRIVACY NOTICE

For more information on our Privacy Notice please go to the following link:

[www.commercialservices.org.uk/privacy-policy/](http://www.commercialservices.org.uk/privacy-policy/)

To see the Privacy Notices of our trusted third party suppliers please visit their individual websites.

## PROCUREMENT SERVICES FRAMEWORKS

Procurement Services offer fully Procurement Act 2023 compliant, simple-to-use frameworks. With full, free procurement support, ensuring you can operate with complete peace of mind. Further competition service provided by our procurement experts is available.

With over 20 years of experience we'll ensure you have everything you need and are able to make the best decisions for your organisation. Our free, impartial advice will save you time and money.

**We look forward to working together.**

Thanks for choosing Procurement Services as your trusted partner.

We can support and guide you through your purchase, offering security and peace of mind.

Tarryn Kerr

Director of  
Procurement Services

## WHY CHOOSE PROCUREMENT SERVICES?

- ✓ Market-leading frameworks
- ✓ Complete peace of mind
- ✓ Continued support for the life of your individual contract
- ✓ All frameworks are either PCR 2015 or PA 23 compliant and adhere to government
- ✓ Full tender process already completed
- ✓ All our suppliers are fully approved
